## Switch to AccuSure

### Presenting AccuSure from Microgene

In today's frenzied lifestyle, it has become quite difficult to take proper care of our own health. The hectic pace of professional life leaves very little time for our most precious asset - our health. Lifestyle related diseases like hypertension, obesity, diabetes, etc. are rising alarmingly due to this.

Microgene, under its flagship brand - AccuSure, wishes to address this important aspect, We offer a variety of medical devices with which an individual can monitor and screen various facets of his health from the comfort of his home.

Microgene is one of the very few organizations which works in a systematic and holistic manner in the realm of home use diagnostic devices.

The latest technologies coupled with nationwide presence and after sales support is something we vouch for and are proud of.

Switch to good health  
Switch to AccuSure

At MICROGENE, we are  
committed towards life.

## Blood Glucose Monitoring System

# AccuSure<sup>®</sup>

## AccuSure<sup>®</sup> Blood Glucose Monitor *Life*

- Simple Reliable & Accurate
- No Coding
- Measuring Range: 10~600 mg/dL
- HCT of tested blood: 30~55%
- Measuring Unit: mg/dL
- Memory Capacity: 500 Positions
- Battery Life: 1000 Tests
- Sample Size: 0.6µl
- Reaction Time: 5 seconds
- Strips Shelf Life: 24 months
- Life Time warranty\* ( Condition Apply)

4th Generation enzyme strip with better and higher accuracy

6 Months Expiry & 24 Months Shelf Life as compared to 3 and 18 months respectively of other brands

More accurate results with new ISO standard conformity

Now, manage diabetes on the go  
with Next Generation Glucose Monitors
